

### **Current collaborations:**

- ***Prof. Loredana Latterini, Prof. Paola Sassi, Prof. Raimondo Germani, Dr. Benedetta Carlotti, Dr. Alessio Cesaretti***, Department of Chemistry, Biology, and Biotechnology of the University of Perugia (Italy).
- ***Dr Veronica Dodero***, Faculty of Chemistry/Organic Chemistry, University of Bielefeld, Germany.
- ***Prof. Fausto Elisei, Prof. Anna Spalletti, Prof. Fausto Ortica***, Department of Chemistry, Biology and Biotechnology of the University of Perugia (Italy).
- ***Dr. Michele Frigoli***, the Institut Lavoisier de Versailles, UMR CNRS 8080, Versailles, France.
- ***Dr Monica Pica, Prof. Morena Nocchetti, Riccardo Vivani***, Department of Pharmacy, University of Perugia (Italy), and ***Prof. Mario Casciola, Prof. Ferdinando Costantino***, Department of Chemistry, Biology and Biotechnology of the University of Perugia (Italy).
- ***Prof. Aldo Romani***, Center of Excellence SMAArt (Scientific Methodologies Applied to Archeology and Art).
- ***Prof. Luigi Vaccaro***, Chemistry, Biology and Biotechnology Department of the University of Perugia (Italy).
- ***Prof. Sérgio Seixas de Melo***, Faculty of Sciences and Technology of the University of Coimbra (Portugal).

### **Past collaborations:**

- ***Dr. Nathalie Audebrand***, Sciences Chimiques de Rennes, University of Rennes (France).
- ***Dr Andrea Ienco***, ICCOM-CNR, Florence (Italy).
- ***Prof. Roberto Righini*** and ***Prof. Paolo Foggi***, European Laboratory for Non-Linear Spectroscopy, University of Florence (Italy).
- ***Prof. Massimo Olivucci***, Computational Chemistry and Photochemistry Laboratory at the University of Siena (Italy).
- ***Prof. Andrea Dei***, Chemistry Department of the University of Florence (Italy).
- ***Prof. Santi Nonell***, Molecular Engineering Group of the Ramon Llull University in Barcelona (Spain).
- ***Prof. Renzo Ruzziconi***, Department of Chemistry, Biology and Biotechnology of the University of Perugia (Italy).
- ***Prof. R. S. Becker***, Arkansas University, Fayetteville, AR, USA.
- ***Prof. M. A. J. Rodgers, Prof. E. Danilov*** and ***Prof. F. Castellano***, Bowling Green State University, OH, USA.

### **Visiting Researchers**

- Dr Veronica Doderò, from the *Faculty of Chemistry/Organic Chemistry of Bielefeld University (Germany)* within an Erasmus teaching programme, worked on the micro-heterogeneity of proteins through the Fuzzy Entropy idea from the 8th to the 12th of May 2023.
